

PIG 20% FORMULATION LACTATING MASH

Lactating Sows:

Lactation is demanding! A sow needs a high-energy feed to produce enough milk for her piglets. Feeds formulated with Fertilac Sow Concentrate boost milk yield, ensuring your piglets grow healthy and strong.

Why Choose Fertilac Sow Concentrate?

- ✓ Contains vital nutrients like calcium, phosphorus, and essential vitamins for stronger bones and robust health.
- ✓ Improves feed palatability, ensuring your sows eat enough.
- ✓ Designed to meet the specific nutritional needs of your sows during their most critical stages.
